TARIFF FORMAT SHEET

A. Page Numbering. Page numbers appear in the upper-right corner of the page. Pages are numbered sequentially. However, new pages are occasionally added to the tariff. These new pages are identified in decimal format. For example, a new page added between pages 34 and 35 would be 34.1.

B. Page Revision Numbers. Revision numbers also appear in the upper-right corner of the page. These numbers are used to determine the most current page on file with the South Carolina Public Service Commission. For example, the 4th revised Page 34 cancels the third revised Page 34. Because of deferrals, notice periods, etc., the most current page number on file with the Commission is not always the tariff page in effect. User should consult the check page for the page currently in effect.

C. Paragraph Numbering Sequence. There are nine levels of paragraph coding. Each level of coding is subservient to its next higher level of coding.

D. Check List of Effective Pages. When a tariff filing is made with the Commission, an updated Check List of Effective Pages ("Check List") accompanies the tariff filing. The Check List lists the pages contained in the tariff, with a cross-reference to the current revision number. When new pages are added, the Check List is changed to reflect the revision. All revisions made in a given filing are designated by an asterisk (*). There will be no other symbols used on the Check List if these are the only changes made to it (i.e., the format, etc.). The User should refer to the latest Check List to find out if a particular page is the most current page on file with the Commission.

- 2.1.2 Services ordered by Customers under Service Orders will be made available for Users' use as soon as practicable after the Company's receipt of said Service Order. In the event of a conflict or inconsistency between the terms of a Service Order and those of this Tariff, the latter shall govern.
- 2.1.3 The obligations of the Company to provide Services under this Tariff are subject to the following: (i) availability, procurement, construction, and maintenance of facilities (including without limitation those facilities of Other Providers); (ii) interconnection to Other Providers' services or facilities as required; (iii) any applicable Credit Limit; or (iv) receipt of any applicable advance payment or Deposit.

Services may not be available from certain coin-operated or other pay telephones located on prisons, military bases and colleges for reasons including, but not necessarily limited to, the detection of fraudulent use of Services at those locations.

2.2 Responsibility and Use

Subject to the limitations and conditions set forth in this Tariff, Services are available for use twenty-four (24) hours per day, seven (7) days per week.

- 2.2.3 The Company's sole responsibility with respect to Travel Card Services is to make Services available to Users in accordance with Section 3.1.3 of this Tariff.

- 2.3.1 The Services may not be used for any unlawful purpose whatsoever.
- 2.3.2 The Company and Customer shall (and Customer shall cause User to) comply with all applicable Regulations.

2.4 Abuse. Abuse of the Services is prohibited. The following activities constitute abuse:

- 2.4.1 Using the Service to make calls which might reasonably be expected to frighten, abuse, torment, or harass another; or
- 2.4.2 Using the Service in violation of the non-interference and signal quality restrictions set forth in Section 2.13.3; or

- 2.4.4 Using the Service (or any other telephone number advertised or widely understood to be toll free in connection with the Service) in any of the following ways:
 - 2.4.4.A With the exception of circumstances where the calling party has a presubscription or comparable arrangement or discloses a credit or charge card number during the call, in any manner that would result in: (a) assessment of a charge for completing an 800, 888 or 877 call on the calling party or on the subscriber to the line from where the 800, 888 or 877 call originated; (b) connection of the calling party to a pay-per-call service; or (c) assessment of a charge on the calling party for information conveyed during the toll free call; or
 - 2.4.4.B Calling the calling party back collect for the provision of audio or data information services, simultaneous voice conversation services or products.

2.5 Call Blocking

Notwithstanding any other provision of this Tariff, the Company may block calls which: (i) are made to or from certain countries, cities, or central office ("NXX") exchanges, or (ii) make use of certain Authorization Codes, as the Company, in its sole opinion and discretion, deems reasonably necessary to prevent unlawful or fraudulent use of Services.

2.6 Billing and Payments

- 2.6.1 Other than prepaid services, charges for Services will be billed to Customer on a monthly (30 day) basis, in arrears, based on the Users' actual usage. Customers will not be charged for uncompleted calls.
- 2.6.2 All amounts stated on each monthly invoice are due and payable immediately upon Customer's receipt thereof; provided, however, that charges incurred for Services obtained via Prepaid Calling Cards will be first debited against the balance of the amount (if any) prepaid to the Company.
- 2.6.3 A maximum of one and a half percent (1-1/2%) may be added to any unpaid balance brought forward from the previous billing date to cover the cost of any collection and carrying accounts in arrears.
- 2.6.4 Except as otherwise limited by Regulation, Customer shall be responsible for payment of all charges, whether authorized or not, for any and all use of or access to Services provided to Users, including without limitation any unauthorized, unlawful or fraudulent use or access. Customer's charges for Travel Card or Prepaid Calling Card calls are subject to any applicable limitations established by any Regulation.
- 2.6.5 Except as otherwise provided herein, the Company, at its sole option, may Terminate Services in the event Customer fails to pay any invoice within thirty (30) calendar days after the due date stated thereon, subject to written notice and to any other applicable Commission Regulations. Notice, for purposes of this Section 2.6.5, is to be deemed effective upon mailing of written notice, postage prepaid, to Customer's last known address. Termination of Services by the Customer or the Company for any reason whatsoever will not relieve Customer of its payment obligations hereunder for all Service charges incurred by Customer through the date of Termination. Termination by Customer for purposes of this Section 2.6.5 will be deemed effective five (5) business days following the date of Company's receipt of Customer's Termination notice. Customer will be liable for all costs of collection hereunder, including without limitation reasonable attorney's fees. All bills are presumed accurate, and shall be binding on the customer unless objection is received by the Company in writing or orally within the applicable statute of limitations. No credits, refunds, or adjustments shall be granted if demand therefore is not received within such limitation period.

2.6 Billing and Payments (Cont'd)

2.6.6 Payphone Compensation Surcharge. In order to recover the Company's expenses to comply with the FCC's pay telephone compensation plan effective on October 7, 1997 (FFF 97-371), an undiscountable per call charge is applicable to all intrastate calls that originate from any pay telephone used to access the Company's Services. This surcharge is in addition to standard tariffed usage charges and any applicable service charges and surcharges associated with the Company's Service. Pay telephones include coin-operated and coinless phones owned by local telephone companies, independent companies and other interexchange carriers. The payphone surcharge applies to the initial completed call and any reoriginated call (i.e., using the "#" symbol). Whenever possible, the payphone surcharge will appear on the same invoice containing the usage charges for the surcharged call. In cases where proper pay telephone coding digits are not transmitted to the Company prior to completion of a call, the payphone surcharge may be billed on a subsequent invoice after the Company has obtained information from a carrier that the originating station is an eligible pay telephone. The payphone surcharge does not apply to calls placed from pay telephones at which the Customer pays for service by inserting coins during the progress of the call.

2.6.7 Toll Free Number Portability. If a Customer accumulates undisputed delinquent charges, the Company reserves the right not to honor that Customer's request for a change in service, including a request for Resp-Org change, until such charges are paid in full.

2.7 Taxes

- 2.7.1 All federal, state, and local excise, sales, use and similar taxes, will be billed by the Company as separate line items on Customer's invoice, and, except as otherwise set forth in Sections 2.7.2 and 3.1.4.A hereof, are not included in any quoted rates described or contained in this Tariff.
- 2.7.2 The Company reserves the right to assess a surcharge on Customer's charges for outbound Services terminating at, or inbound Services originating from, locations or addresses in those states levying, or asserting a right to levy, a tax or similar assessment on the Company's operations or on intrastate access charges incurred by the Company in such state(s). The surcharge will be calculated pro rata based on the amount Customer's total monthly charges for Services provided to and billed to a Customer's location or Authorization Code in such state(s) bears to the Company's total monthly receipts subject to said tax or assessment in such state(s). The surcharge will appear as a line item on Customer's invoice.

2.8 Deposits

Customers or applicants for Services whose financial condition is not acceptable to the Company, as determined in its sole opinion and discretion and consistent with Commission Rule 103-621, may be required to provide the Company, either before or after the commencement of Service, with a security deposit, in cash or cash-equivalents, in an amount not to exceed two (2) months of estimated Service usage, and/or to provide the Company with such other assurances of, or security for, the payment of charges for Services as the Company may deem necessary in its sole judgment and discretion. Any such cash deposit will bear simple interest at a rate set by the Commission (currently 3.5% as set by Commission Order No. 2003-593 in Docket No. 19930013-A). The Company may apply such deposit in a manner consistent with Rule 103-621.7 provided however, the Company shall return the remainder to Customer, at its last known address, within one (1) month following the date of Termination. The Company may, at its sole option and discretion, accept personal guarantees, bank letters of credit or surety bonds in lieu of a cash deposit required under this Section 2.9.

2.9 Credit Limit

The Company may, at any time and at its sole discretion, set a Credit Limit for any Customer's consumption of Services for any monthly period.

2.10 Indemnification by Customer

2.10.1 Customer shall defend, indemnify and hold the Company harmless from any and all actions, claims, judgments, damages, demands, liabilities, and expenses, including without limitation reasonable attorney's fees, arising from or in connection with:

2.10.1.A Libel or slander resulting from any use of the Services provided to any User hereunder;

2.10.1.B Infringement of any patent, copyright, trademark, trade name or trade secret arising from: (i) the transmission of any material transmitted: (a) by any User, or (b) by any other person using the Services provided to any User, User location, or Authorization Code; or (ii) the combination of User's use of Services with CPE or with other User-provided facilities or services; and

2.10.1.C Except as otherwise provided by applicable Regulation, any unauthorized, unlawful, or fraudulent use of or access to the Services provided to Users.

2.11 Customer Premises Equipment ("CPE")

CPE attachment by the User is permitted under this Tariff. The Customer is responsible for ensuring that all such attached CPE must conform to the FCC's registration requirements set forth in Part 68 of the Code of Federal Regulations (as amended). The Company may discontinue the provision of Services to any location where CPE fails to conform to such Regulations.

2.12 Interconnection

- 2.12.1 The Services may be connected with services or facilities of Other Providers subject to any technical limitations applicable to the latter; provided, however, Service furnished by the Company is not part of a joint undertaking with any Other Provider.
- 2.12.2 Interconnection with the facilities or services of Other Providers is subject to the applicable terms and conditions of the Other Providers' tariffs (if any). Customer shall be solely responsible for satisfying all legal requirements for interconnecting Customer-provided terminal equipment or communications systems with Other Providers' facilities, including, without limitation, all licenses, permits, rights-of-way, and other arrangements necessary for such interconnection. Any interface equipment or facilities necessary to achieve compatibility between the facilities of the Company and those of Other Providers must be provided at the Customer's sole expense. Customer shall comply with all applicable terms and conditions of service provided by said Other Providers.
- 2.12.3 Customer is solely responsible for ensuring that Telecommunications signals transmitted by Users via the Services will not interfere with the operations of the Company or those of Other Suppliers, or with the provision or use of similar services provided by the Company or by Other Suppliers to any third party. All such signals must be of the proper type, bandwidth, and other technical parameters so as to neither damage the Company's or Other Providers' equipment nor degrade Service supplied to third parties. Except with respect to Services obtained through Prepaid Calling Cards, Customer must ensure:
- 2.12.3.A that all Users employ physical arrangements for protection of the Company's facilities in circumstances where the Company, in its sole opinion and discretion, deems such protection to be reasonably necessary;
- 2.12.3.B that all Users provide adequate electrical power, wiring and electrical outlets necessary for the proper operation of the Company's equipment on their premises;

2.19 Indemnification

Subject to the limitations of liability set forth in Section 2.19 hereof, the Company and the Customer shall defend, indemnify, and hold each other harmless from and against any and all actions, claims, judgments, damages, demands, liabilities, and expenses, including without limitation reasonable attorney's fees, resulting from injury to or death of any person (including injury to or death of their employees) or from the loss of or damage to tangible real or tangible personal property or to the environment, to the extent that such injury, death, loss or damage was proximately caused by any negligent act or omission on the part of the party from whom indemnity is sought, or on the part of its agents, employees, subcontractors or assignees, in connection with the provision or use of the Services. The indemnifying party under this Section 2.20 shall defend the other at the other's request against any such action, liability, claim or demand. The party seeking indemnification under this Section 2.20 must notify the other promptly of written claims or demands for which the indemnifying party is responsible hereunder. The Company and the Customer, as the case may be, shall cooperate fully with the other in the course of such indemnification, and the indemnifying party shall control such defense and the right to litigate, settle, appeal (provided it pays the cost of any required appeal bond), compromise or otherwise deal with any such claim or resulting judgment, provided that such settlement, compromise or other resolution of said claim does not result in any liability to the indemnified party.

2.20 Credits and Credit Allowances

- 2.20.1 Credits ("Credit(s)") to the Customer's fixed charges, if any, for Interruptions (other than Scheduled Interruptions or Interruptions caused by Other Providers for which a Credit Allowance is due the Company as described in Section 2.21.2 hereof) which (i) exceed in the aggregate twenty-four (24) hours per month, (ii) are directly caused by the Company, (iii) are not due to either equipment or wiring supplied by any person other than the Company, and (iv) are not due to the negligence or willful misconduct of the User, its employees, subcontractors, agents, or assignees, will be applied to Customer's account with the Company. Such Credits are to be calculated by multiplying the fixed monthly, recurring rate (if any) for the affected Service by the ratio that the number of hours the Interruption bears to 720 hours (for the purpose of this computation, each month is deemed to have 720 hours). An Interruption is measured from the time the Company detects, or the Customer notifies the Company of, its occurrence until such time as the Interruption is cured. Each Interruption is to be considered separately for the purposes of this calculation and is be rounded to the nearest hour.
- 2.20.2 In the event of an Interruption caused by Other Providers for which a credit or allowance ("Credit Allowance") becomes due to the Company, the Company shall apply such Credit Allowance to Customer's account, less an administration fee of twenty dollars (\$20.00), subject to the Company's collection of such Credit Allowance from the Other Provider obligated to provide same. In no event will the Company be obligated to credit Customer any amounts in excess of any Credit Allowance allocable to Customer's Interruption(s) which Company receives from the Other Provider. Any other provision of this Section 2.21 notwithstanding, Company will have no obligation to apply any credit to Customer's account for Interruptions caused by an Other Provider for which no Credit Allowance is due to the Company.

2.20 Credits and Credit Allowances (Cont.)

2.200.3 Except as otherwise set forth herein, Customer's sole and exclusive remedy for any and all Performance Failures which consist of or give rise to Interruptions are Credits or Credit Allowances to the extent available under this Section 2.21; for any other Performance Failures or in the event Credits or Credit Allowances are unavailable (due to the fact, for example, that the Customer does not incur any fixed monthly recurring charges), Customer's sole and exclusive remedy in lieu of said Credits or Credit Allowances will be an immediate right to Terminate Services prior to the expiration of the Minimum Service Period.

2.21 Minimum Service Period

The Minimum Service Period will be for the term specified in Customer's Service Order, which term must be no less than thirty (30) days. This MSP will automatically renew for subsequent terms of equal duration. Either the Company or the Customer may elect not to renew any MSP by written notice to the other no later than thirty (30) days prior to the expiration date of said MSP.

2.22 Force Majeure

2.23 Customer Premises

Customer shall provide, without cost to Company, all equipment, space, conduit, and electric power required to terminate the Services at the User's premises. The Customer shall arrange for the Company, or for other Carriers as required, to have access to the User's premises at all reasonable times for purposes of Service installation, Termination, inspection and repair. Customer shall be solely responsible for any damage to or loss of Company equipment while on the premises of User, unless such damage is caused by the negligence or willful misconduct of the Company, its employees, subcontractors or agents.

Should any provision or portion of this Tariff be held by a court or administrative agency of competent jurisdiction to be illegal, invalid, or unenforceable, the remaining provisions of this Tariff will remain in full force and effect.

Customer shall cooperate with the Company to the extent necessary for the Company to discharge its obligations hereunder and as reasonably requested by the Company.
